

Has a storm hit your home?

All too often leaking or damaged roofs go unnoticed until it becomes a harsh reality.

A leaking roof during a storm is something no home owner ever wants to face. However, all too often leaking or damaged roofs go unnoticed until it becomes a harsh reality. Perhaps due to fallen branches, hail stones or high winds. When this happens, the damage that occurs to the house ceiling can lead to significant interior repair costs. The main lesson from this is that leaky or damaged roof should be dealt with before the problem escalates.

OnPoint is Texas's leading roofing company who will replace your damaged roof and bring your house back to life. Ignoring the leaks from the roof can lead to unwanted damage and big home repair costs not covered by your insurance company. Replacing your roof not only saves you from unnecessary damage to give you a peace of mind for many years to come.

ROOF SHINGLE REPLACEMENT

Damaged roof shingles may not look like much at first but over time can lead to major costs to the interior of your home. Most shingles are prone to cracking in the hot sun after being damaged during a storm. If your roof is damaged, your roof shingles may be incorrectly lined and damaged leading to costly repairs. Repairing them may save you a great deal of money in the long-term.

EMERGENCY ROOF REPAIR

We understand that many roofs suffer from unexpected damage after a major storm, no single person can expect the sheer brutality of mother-nature. This is why OnPoint offers fast and effective emergency roof repair 24/7 across Texas.
